

# Germanisches Nationalmuseum (Nurnberg) Viola da gamba by Paul Hiltz 1656

Drawing by N.Dervic & M.Ercole - Liuteria Ca' Rion

**MATERIALS:**  
Sound board: Spruce  
Sides and Back: Flamed Ash Tree  
Neck: Plum Tree  
Fingerboard and Tailpiece: Walnut

The bass bar is carved directly from the sound board, because of that the thickness measurements were not regular and difficult to take.
